TRANSITIONAL HOUSING OPTIONS TO EXPLORE

Transitional housing options for former foster youth can include:

- Dormitories
- Host Homes
- Scattered Site Apartments
- Supervised Apartments
- Subsidized Housing
- Shelters

Host homes
Ohio advocates are currently exploring a process to vet potential host homes that might be willing to provide temporary housing for former foster youth. The procedure would include:

1. Outreach
2. Screening procedure, including background check and fingerprinting
3. Training*
4. Adding qualified host homes to a searchable database

*We need to define (a.) duration and topics, (b.) who can lead the training, and (c.) how often and where it will take place

Affordable housing
Community Properties of Ohio (CPO) Management Services is the property management company for the Community Properties Initiative in Franklin County. The Ohio chapter of Foster Care Alumni of America is planning to meet with them, and explore their possible interest in focusing on emancipated foster youth as a population in need of services.
